To whom it may concern!

GLS Hungary, GLS Slovakia and GLS Czech Republic are members of the General Logistics Systems Group, providing high quality parcel and express services in the Central European Region and thorough Europe.

GLS Hungary have been working with the Hungarian member of the CFR Group with Your Profile, for more then two years in many projects. The persons sought were for managing positions and others mostly for the sales force and one for the position Country Manager in Slovakia. We were pleased with the outcome and have filled the positions in relative short periods of time.

GLS will start its activities in the Czech Republic in April 2005. Catro undertook the task to select the candidate for the position of the Country Manager. The outcome of the assignment was successful and the cooperation with Martin Voseczky was correct and efficient.

The services of the CFR Group were very useful, the promises were always kept!

In case of recruitment tasks CFR will be an address for GLS in the Central European Region also in the future.

We can recommend CFR for everybody, seeking high level, efficient recruitment for well defined positions and profiles.
