

Catro  
Martin Vosecky  
Klimentska 52,  
CZ-110 00 Praha 1

Wielsbeke, 13 July 2007

Dear Martin,

As a manufacturer of laminate floors, melamine boards, MDF boards & chipboards and roofing systems, Unilin is an established player in the wood and wood processing industry.

Unilin employs a workforce of 2,600 staff operating in 16 production sites across Europe and the US.

We have worked together with CFR Group to find a business development manager. We have been very pleased with the outcome and we were very impressed with Catro as a company and with Martin Vosecky as an individual. We believe that we will recommend Catro to anyone with similar requirements and will contact Catro again to help us with their excellent human resource services.

Many thanks and our best wishes for your success in your professional activities and many other satisfied customers.

Yours sincerely,

Veronique Hofman  
Recruitment Specialist Unilin
